As you know the Police are not policing the parade again this year but they should be around for any public order problems. We have made some changes to the number of marshals and their duties on every Walking Party or Float, all these changes are laid out in the Float Builders Code 2014, please read it and make the changes needed to comply with the code. We will try to arrange a briefing meeting for the marshals before the event.

If we need help with Road Closure Marshals I hope we can rely on your help.
